Policy Title: BUDGET - Modifications and Amendment Process	Effective Date: November 20, 2013
<p>Because of inherent limitations in the budgeting process, including changes in enrollment, changes in staff requirements, and changes in projected revenue, it may become necessary to modify the budget during the fiscal year. The Board will review the district budget periodically and make appropriate changes to reflect availability of funds and the requirements of the district.</p> <p>Any person or persons proposing any budget adjustments will notify each board member in writing one (1) week prior to the meeting in which such proposal will be made. Prior to the final vote on such a proposal, notice will be posted and published once as described in Idaho Code.</p> <p>A budget adjustment will not be approved unless voted affirmatively by sixty (60) percent of the members of the board. All amended budgets will be submitted to the State Superintendent of Public Instruction.</p> <p>Revenues derived from maintenance and operation levies made pursuant to Idaho Code, will be excluded from budget adjustments provided for in this policy.</p>
