

Category: 5000 BUSINESS	Policy Number: 5385
Policy Title: Vending Machines	Effective Date: December 19, 2007

It shall be the policy of the Board that vending machines may be installed in the schools at the discretion of the school administrators.

Foods and beverages dispensed from vending machines should comply with the recommendations found in the district's Wellness policy and procedure.

Receipts from vending machines, if school serviced, shall be controlled by the school principal and processed through a special building revenue account.
