<b>Policy Title:</b>  <b>6000                    INSTRUCTION</b>	<b>Policy Number:</b>  <b>6120p</b>
<b>Category:</b>  <b>Early Graduation Procedure</b>	<b>Effective Date:</b>  <b>February 18, 2009</b>

A student who completes all of the graduation requirements set forth by the District and the State Department of Education prior to the completion of eight semesters of school attendance in grades 9-12 may petition the State Board of Education for early graduation by submitting such a petition to the superintendent of schools through the building principal. The superintendent shall submit the petition to the Board of Trustees for Board endorsement and approval at the end of the quarter preceding the requested graduation date.

1. Attendance: To be eligible for early graduation, a student must complete seven semesters of school attendance and must have been in attendance at Snake River High School prior to the beginning of his/her seventh semester of attendance. During the student's seventh semester of school attendance, the student must be in school for six class hours and must pass five or more subjects during his/her seventh semester of attendance.
2. Guidelines: Students should notify the school of their interest to graduate early by the end of their junior year. Approval to enter the seven semester program must be subsequent to a conference of parents, student and school principal. The conference and application should be submitted to the school prior to the last day of the first quarter of the Fall semester.
3. Students who stay out of school the Fall semester and attend the Spring semester will be ineligible for athletics during the Spring semester.
4. Students graduating on the seven semester program have the average daily attendance for the first semester apply to the second semester, as well as the first, in determining the funding for the educational support program.

Participation in graduation ceremonies is a privilege extended to students. Students may be denied the right to participate.
