

Category: 6000 INSTRUCTION	Policy Number: 6140
Policy Title: TESTING PROGRAM	Effective Date: March 14, 2001

The district will participate in a planned district-wide testing program. The testing program will be continuously evaluated and revised as deemed necessary to best meet the needs of the district.

The district will comply with all current requirements for state-mandated testing and assessment.

The district will share the overall results of achievement and aptitude test scores with the public. Individual test scores will be discussed freely with the student and parent. Individual testing results and social service reports will not be sent to other persons or agencies without the signed release of information by the parent or guardian involved.

Dual Enrollment:

Students who qualify for dual enrollment may participate in district-wide testing programs. Adherence to testing procedures is required.
