Policy Title: Assignment of K-6 Students to Classes	Effective Date: February 17, 2016

To comply with Idaho Code, the Board of Trustees is required to be fair and equitable. This means offering the same educational opportunities for all students. The Snake River School District recognizes the importance of nondiscriminatory practices regarding class placement/assignment. Every attempt will be made to put together balanced classrooms to ensure a fair and equitable learning environment with regards to ethnicity/race, gender, ability levels, and special needs. The building administrator is primarily responsible for classroom placements.
