

CONFUSED ABOUT HEALTHCARE COSTS?

Announcing CostAdvisor – an easy-to-use online tool that lets you see and compare physician, hospital and other healthcare costs side-by-side before you make appointments. Now you can know before you go.

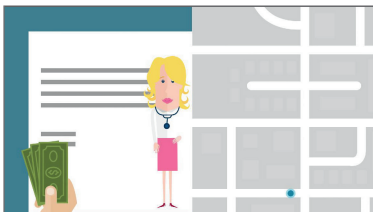

Cost Lookup

CostAdvisor is a simple web-based tool that lets you search for medical services and see what you can expect to pay at a specific provider, based on your health plan, network, and location.

HOW IT WORKS

Let's say you need an MRI. Simply log on to CostAdvisor and search. You'll see a list of providers and estimated costs based on your health plan and network.

You can now see what your provider and facility charges are, and what your out-of-pocket costs will be based on your plan and deductible status.

CostAdvisor lets you compare specific providers and facilities in your area and select one based on your preference for cost and convenience.

Get Started

Log into the members website at bcidaho.com and select **CostAdvisor** from the right navigation menu. If you don't have a member account, creating one is easy! For more information about the **CostAdvisor** and how it works, visit bcidaho.com/knowbeforeyogo.
