Snake River School District #52 Athletic Rules Guidelines and Expectations

Purposes

Interscholastic athletics is extracurricular activities that are used to support the educational mission student's first, athletics second. Our goal is to help parents raise young men and women into educated, honest, responsible, productive adults (character) and win as many athletic events as possible.

Code of Conduct and Embarrassment Clause

Participation in interscholastic athletics is a privilege, not a constitutionally protected right. The privilege of participation could be revoked for on-campus and off-campus misconduct. The school district rules and guidelines will be strictly enforced.

Athletic programs are optional and it is expected that all athletes, both boys and girls, will adhere to certain minimum standards of behavior and scholarship as established by the board, the building administration, and the coaches.

Student athletes are not to do anything that would embarrass themselves, their family, school or community at any time. Athletes are, because of the exposure to the public, ambassadors of the school district. The schools are often looked at by the members of the community and in other communities by actions of the young people who represent them in the athletic area. This is a weighty, but nonetheless real responsibility that we place on the shoulders of our young people. As a participant he or she will represent the school in a respectful manner.

Activities

Students are encouraged to participate in all school functions. Participation in any given activity is to be under the responsibility and direction of a coach or faculty sponsor. No student or student group shall be allowed to represent the school in any activity unless the school has approved it.

Snake River High School competes in the following extra-curricular sports: Fall: football, volleyball, boys and girl's cross country, boys and girls Soccer. Winter: wrestling, boys' and girls' basketball, cheerleading and dance. Spring: track and field, softball, baseball, boys and girls Golf.

Physicals, Consent, and Concussion

Students participating in extra-curricular activities are required to have an Athletic Physical, Concussion Acknowledgment, and Consent form signed by their parents and student before trying-out or practicing in any sport. The physical may not be taken before May 1. Students must have a physical every year.

On the first day of practice collect an Athletic Physical, Concussion Acknowledgment and Consent form from every player trying out or practicing. **Do not allow any student to try out or practice until all forms have been signed and turned in.** Every student has the right to try-out after they have all their forms filled out and turned in. After all forms for every player on your team have been collected, turn them into the athletic director to be kept on file in the athletic office along with a checklist form with all player's name and grade filled in.

If a student has a current physical on or after May 1st that is not on a Snake River School District form it is fine. They will still need to fill out a Concussion Acknowledgment and a Consent Form. Staple their Athletic Physical, Concussion Acknowledgment and Consent form all together. Please make sure the student and parents have signed all forms.

It is the responsibility of the head coach to make sure every player has an Athletic Physical, Concussion Acknowledgment and Consent form on file in the athletic office. The athletic director is not going to chase students down for Athletic Physicals, Concussion Acknowledgment and Consent forms.

Winter and spring sports: The athletic director will send out a list of all players that have an Athletic Physical, Concussion Acknowledgment and Consent form on file in the athletic office.

Authorization to Return to Play After a Concussion

Any player that is removed from a practice or a game because they have a concussion or might have a concussion may not return to practice or a game until they get a Concussion Release Form filled out and returned to the head coach and athletic director.

Practice

Coaches are not to practice during school time. Coaches can start practice as soon as school is out for the day 4:05.

A student must have ten days of practice prior to the day of the first contest. A player cannot start counting days of practice until the coach has their Athletic Physical, Concussion Acknowledgment and Consent forms in hand or on file in the athletic office. You can only count 1 practice a day and cannot practice on Sunday.

Health Insurance

Every head coach is responsible to make sure that every student and their parent has the opportunity to get health insurance for the student athlete if they don't already have it. Health insurance is not required by highly recommended. Health insurance information can be found on the school district website.

Medical Emergency Permission Card

Medical Emergency Permission Card is an optional card that coaches can have a player's parents fill out and sign. It allows for the coach to take the player into the hospital to get medical treatment if a player gets hurt in practice, home game or away game and the parents have not been able to be contacted.

Coaches Rules

Coaches will set team and training rules as long as they do not conflict with school policy. Coaches are responsible for teaching more than just athletics, things like responsibility, honesty, discipline, commitment, and working with others in a team setting (Character).

Rule of Two

IHSAA Rule 17-2-4 No more than two students may be coached at one time by a member of their high school (grades 9-12) between July 31st and the last day of IHSAA spring state competition except during the IHSAA season. **“See or Hear”** If any other students can see or hear you as you work with two high school students you are in violation of the rule of two. That means when you are working in the gym, field, wrestling room or hall you can only have two high school students there. This also means that the coaches cannot coach any high school students during the same time frame in any non-school club, game, match or event.

No Contact Period

From August 1st until the first day of the IHSAA Fall sport practice date, coaches are to have zero contact with players. No weight training or conditioning. Zero contact with all student athletics in every sport. After the fall sport season starts, all other coaches are under the rule of 2. There is a 3 day no contact period during Christmas Holliday.

Summer Activities and Camps

Students and teams may participate in summer activities from the last IHSAA spring sport state championship until August 1st provided the following conditions are met: 1. Participation is strictly voluntary and is open to all high school students. 2. All fees and expenses are provided by the student or his/her parents. No school funds, booster club funds or other such funds can be used for entry fees, equipment, uniforms or transportation.

All summer time use of school facilities **must be scheduled** with the athletic director before using the building or facilities. You will be responsible to pick up the trash in all the bathrooms, halls, gyms, commons, and trash cans on the inside and outside of the building.

All Snake River School District Camps grades K-12 must have every participant and his parent/guardian sign a summer consent form for liability reasons.

Athletic Class

If a coach would like to have an athletic class, they must meet all IHSAA rule requirements under rule (17-2-3b) and the Idaho State Department of Education requirements for teaching a physical education class. Present your proposal to the building principal and athletic director and it will be considered. The instructor of the class must be the teacher of record (IHSAA Rule).

Practice, Games and Team Meetings

Student athletes will make a commitment to attend all practices, games and team meetings. Coaches will set training rules as to what is an excused and unexcused absent from practice, games and team meetings. Coaches will set a game or event suspensions for an unexcused absents. Coaches will have team rules in writing. Be very specific!

Coaches will set training rules about playing in other sports and club teams during their sport season. Be very specific!

Injured players are expected to come to practice unless they make other arrangements with the coaching staff. Injured players can do rehab and conditioning depending on the injury.

School Closure

School Policy Number: 6415p

Weather-related closures of school also cancel district activities automatically for that particular day. This applies to all groups scheduled to use school facilities on that day. **An exception to this rule concerns activities sponsored by the Idaho High School Activities Association.** The high school principal and superintendent determine cancellation of these activities on a case-by case basis. Parents have the ultimate responsibility to decide whether or not they want their child to travel. There will be no adverse action taken if a student is not able to participate in a practice or activity held on a snow closure day due to a weather-related hardship.

If school is cancelled because of weather conditions, practice will be optional. If a student athlete can make it to practice that would be great, but if they cannot they will be excused.

Parent Meeting

After try-outs it is mandatory to hold a parent meeting with players and their parents at the start of the season or send home a season hand book with all training and team rules. See "Parent Meeting Checklist". All head coaches need to sign and return the "Parent Meeting Checklist Form", roll sheet, and season handbook with team rules, into the athletic director, or signed acknowledgment form from every player along with a season handbook with team rules.

Accident Report

If any student gets hurt during any school event in practice or a game the coach will fill out an accident report form and turn it into the building office.

Athletic Schedule Guidelines

Most of the athletic schedules are done by the athletic director. If you would like to see a change in your schedule for next year, inform the athletic director and he will try to accommodate your wishes. Cross Country, Track, Golf and Wrestling head coaches are responsible to do their own schedules due to the nature of the sport.

All schedules must comply with the Snake River School District guidelines and the IHSAA guidelines. All IHSAA guidelines are found in the IHSAA Rules and Regs manual found at www.ihsaa.org.

All head coaches, assistant coaches and volunteer coaches must have the NFHS Sudden Cardiac Arrest Course every two years. All new coaches must do this before coaching. Everyone else has to renew this on school years that start with an even number. The athletic office must have this on file.

All coaches must be fingerprinted and have a background check done. This only needs to be done once. All coaches must follow all IHSAA rules and guidelines. All other patrons should not be working with players in practice or games for liability and safety reasons.

All head coaches are responsible to make sure that anyone working with our student athletes meet all of the coaching requirement for liability reasons. **All coaching certification requirements must be done by every coach before the first day of practice or before working with students.**

Concessions

The high school principal is in charge of all concessions. Each team will be assigned nights to work in concessions.

Cross Country does all concessions at all home football games for their fundraiser.

There will be concessions for all football, wrestling, boy's and girls' basketball home games and matches.

Equipment

The school will purchase some basic equipment for every sport at the beginning of the season. All other equipment and all uniforms will have to be purchased by the students or done by a fund raiser. Pick up all equipment after every practice and game and make sure they are in working order and stored in the panther kennel or its proper place.

Students will not be allowed to play in a contest in the next sports' season, or checkout of school at the end of the school year until all uniforms and equipment have been turned in from the previous sport.

Half-time Activities

All half-time activities are scheduled and coordinated through the athletic director.

Groups that perform at half-time activities that are not school groups can do so if it is cleared through athletic director. They will be able to get into the game free if they are performing, but all parents and others will have to pay admission.

Hall of Fame

Each activity is responsible to keep and update their case in the Hall of Fame. This is a good activity for parents who want to be involved. The athletic director has the keys to the hall cases.

Head Coach's Evaluation

At the end of every sport season all head coaches will meet with the athletic director to go over a formal evaluation done by the athletic director. Coaches will need to bring with them their inventory list, and Sportsmanship Evaluation Form. At this time the head coaches will also receive all off campus coaches' paychecks if the coaches have met all coaching certification requirements.

We encourage all head coaches to sit down and evaluate all assistant and volunteer coaches at the end of the season.

Hotel Rooms for State Tournaments

Hotel reservations for state tournaments will be made by the athletic director. If you have any special requests, please let him know. We only take to state the number of students allowed to dress for events. Stat and film personal that have been with the team all year will also go. The school will also get rooms for all paid and volunteer coaches. All other do not qualify for a room.

All other reservations must be made by direct billing. Fill out a PO and talk to finance secretary.

Maintenance Request

If you need work done on any of the facilities fill out a work order request and turn it into building principal.

Any changes made to any school facilities need to be cleared through the building principal, maintenance department, assistant principal, and athletic director. Do not make the changes on your own without getting permission first. Most of our facilities are shared by different programs and changes made may affect other programs and people.

News Reporters

Head coaches are responsible to call all of their scores into the local TV and newspapers.

Overnight Athletic Trips

The head coach needs to turn in an itinerary for all overnight trips to the building principal with a contact number before departing.

All overnight trips must be approved by the school board.

All head coaches are responsible to turn in a roster with player's names and number into the athletic director one week before the first scheduled contest.

Start Time and Released Time for Athletic Events

All regular season home contests during school days will not start before 4:30. Exception is Golf and Girls Soccer. Golf start time is dictated by the golf course. Girls soccer starts at 4:00 because of daylight hours. We need coaches' help and support in keeping kids in class and school. On home contests students are to get out of class 1 hour before the starting time of their event or game. This is only for students that play as soon as school gets out. If the JV plays at 5:00 and the varsity at 7:00, they are not to get out of class.

We put the departure time and class dismissal time on our athletic schedules and weekly school announcements.

Substitute Teachers for Coaches

If you have a road event that will require you to need a substitute, you will need to use sub finder and get a sub.

Team Meals

If a team plans on having a team meal, they need to hold them after school, not during school time. You will need to find a place to hold it. We do not excuse students or teachers from class time for a team meal for any home or road games. Teachers are under contract and students need to be in class. You can schedule the use of the lunch room with the athletic director, or home economics room with the teacher.

Team Pictures

Team pictures are done by Bell Photography. We would like to have nice pictures with teams in their uniforms and gear so that we can hang them out in front of the gym. Please keep an eye on inappropriate things. Anything that will draw attention to any one or two students by what they wear or do is considered inappropriate.

Tournament Fees

Head coaches are responsible to submit purchase orders for all tournament fees.

Training Room

Head coaches in season are responsible to help keep the training room, locker rooms, and coach's locker room clean.

All medical supplies will be kept in the training room cabinet. The athletic director will keep the cabinet stocked. Take what you need for your first-aid kits. If you need anything special talk to the athletic director. Students are not to be in the training room at any time without a coach. Please help us keep the medical supplies locked up and in order.

Undue Influence

Idaho has an open enrollment policy. Any student in the summer going into the 9th grade that has not decided where they are going to school next year may play with the Snake River School teams.

Any student going into the 10th – 12th grade must fill out the proper paper work with the Snake River School District and the IHSAA before trying-out, practicing or playing in the season or summer with the Snake River School teams.

If any parent or player from another school district going into the 10th -12th grade, contacts any of the Snake River coaching staff wanting to transfer, try-out, practice in the season or summer, send them to the athletic director before participating.

IHSAA

8-18 UNDUE INFLUENCE

8-18-1 Definition of Undue Influence: The use of influence by any person connected directly or indirectly with an IHSAA member school, to induce a student to transfer from one member

school to the other, or to enter the ninth grade at a member school for athletic competition purposes, whether or not the school presently attended by the student is a member of the IHSAA. (Recruiting)

8-18-2 The use of undue influence to secure or retain a student for competitive purposes is prohibited, shall cause the student to be declared ineligible for high school athletics for a period of up to one calendar year, and may jeopardize the standing of the high school in the Association.

8-18-3 Evidence of undue influence includes, but is not limited to, personal contact by coaches and sponsors in an attempt to persuade transfer by gifts or money, jobs, supplies, coaching, free transportation, admission to contests, invitation to attend practices and or games, free tuition or any other considerations not accorded to other students similarly situated.

8-18-4 Complaints or reports of violations of this rule will be investigated and handled on a case-by-case basis by the District Board of Control. Any school permitting such participation shall, upon satisfactory evidence submitted to the District Board of Control, be suspended from membership in the Association for a term not to exceed one calendar year.

Uniforms

Students will purchase their own uniforms and will keep them when they are done. You may have a fundraiser to raise money for uniforms. All uniform money will run through the 750 accounts.

You can get the uniforms from anywhere you want, but the uniforms will be shipped to the school. The students will pay for them in the office when they pick them up. **When you order the uniforms through the school for the students have the vender charge us a sales tax so the school does not have to.**

Advantages:

1. Save money for the school in buying uniforms.
2. Save money for the school in having to replace lost uniforms every year.
3. Coaches do not have to collect uniforms at the end of the year.
4. Students can use their uniforms in the off season for summer and club teams because the uniforms are owned by the students, not the school.

6. Students should only have to purchase their uniform one time. Students can buy them as a sophomore or freshman and use the same uniform for three or four years if you order and use the same uniform every year.
- 7.

Varsity Lettering Criteria

Head coaches will set varsity lettering criteria at the beginning of the school year. Head coaches will have it in writing and make sure all students and their parents understand the Lettering Criteria at their parent meeting.

Head coaches are responsible to get varsity letter certificates, chenille patches and pins and bars to students that meet the varsity lettering criteria in their sport. Certificates and chenille patches are in the athletic office. Bars and pins must be purchased from a sporting store. 750 general athletics will pay for pins and bars. Head coach fill out a PO for pins and bars and then you can order them.

Students who letter in the same sport for years are eligible for a life time Snake River pass. Head coaches are responsible to turn their name into school secretary.

Emergency Action Plan (EAP) For Athletics

Snake River coaches will provide basic First Aid to all student athletes that are in need of basic First Aid. If at any time a student needs more than basic First Aid the coaches will call the students' parents and or EMT's for assistance based on the situation.

Coaches are responsible for students that are put under their care. Patrons that are not cleared or recognized by Snake River High School are not to be working with students.

Athletic programs that cut students from the program **will not allow** students a second tryout if they were cut or chose not to tryout at the beginning of the season.

SCHOOL DISTRICT #52 ATHLETICS

Coaches will set rules for training as long as they do not conflict with school policy. Athletes are, because of the exposure to the public, ambassadors of the school district. The schools are often judged by the members of the community and in other communities by actions of young people who represent them in the athletic area. This is a weighty, but nonetheless, real responsibility that we place on the shoulders of our young people.

Because of the representative role that our athletes must naturally assume, and because athletic programs are optional, it is expected that all athletes, both boys and girls, will adhere to certain minimum standards of behavior and scholarship as established by the Board, the building administration, and the coaches.

STUDENT RESPONSIBILITIES- GENERAL RULES AND TRAINING RECOMMENDATIONS

5. I will be personally responsible for all athletic equipment checked out to me and will return it in good condition or will pay for lost or damaged equipment.
6. I will report all injuries to the coach immediately. I will get a proper amount of rest and will follow the warm-up designed for my sport.

CONCUSSION GUIDELINES

(Policy 8214P)

(Page 1 of 3)

Many students with the District participate in extra-curricular activities of a nature whereby physical injury may result. Though the District takes care to ensure all extra-curricular activities are as safe as practicable, it is not possible to remove all danger from such activities and the District acknowledges that concussions may result. The purpose of this policy is to address situations in which student concussions have occurred or are suspected to have occurred.

This policy only applies to organized athletic league or sport in which any District student participates as an athlete or youth athlete. For the purposes of this policy, athlete or youth athlete means an individual who is eighteen (18) years of age or younger and who is a participant in any middle school, junior high school, or high school athletic league or sport. A school athletic league or sport shall not include participation in a physical education class.

Pre-Season Education

The administration and coaches will work to ensure that athletes, youth athletes, parents, volunteers, and assistant coaches are educated about concussions. Prior to being allowed to engage or participate in any school athletic league or sport:

1. Each student desiring to participate in such school athletic league or sport, and the student's parents or guardians, shall be provided notice of and/or copies of any concussion guidelines or information available from the State Department of Education and the Idaho High School Activities Association, and also this policy.
2. Each student desiring to participate in such school athletic league or sport, and the student's parents or guardians, shall acknowledge that they have been provided the guidelines or information available from the State Department of Education and the Idaho High School Activities Association, as well as this policy, and have had the opportunity to review and have reviewed such information. Further, each student and the student's parents or guardians shall sign an applicable waiver for participating in such school athletic league or sport.
3. The signed waiver and acknowledgment or review of the appropriate information shall be returned to the District.

Athletes will not be allowed to participate in school athletic leagues or sports until the above requirements are met.

Protocol on Suspected Concussion

If, during any school athletic league or sport practice, game, or competition, an athlete exhibits signs or symptoms of a concussion, makes any complaint indicative of a possible concussion, or a coach, assistant coach, volunteer coach, or other school District employee has reason to believe a concussion has occurred, such student shall be removed from play or participation in the practice, game, or competition. According to the Centers for Disease Control and Prevention, and for the purposes of this policy, signs observed by coaching staff which could be indicative of a concussion include if the athlete:

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows mood, behavior, or personality changes
- Can't recall events prior to or after hit or fall

According to the Centers for Disease Control and Prevention, and for the purposes of this policy, symptoms reported by the athlete which could be indicative of a concussion include:

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Sensitivity to noise
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems
- Confusion
- Does not "feel right" or is "feeling down"

Coaches should not try to judge the severity of the injury themselves; health care professionals have a number of methods that they can use to assess the severity of concussions. Coaches should record the following information, if possible, to help health care professionals in assessing the athlete after the injury:

1. Cause of the injury and force of the hit or blow to the head or body
2. Any loss of consciousness (passed out/knocked out) and if so, for how long
3. Any memory loss immediately following the injury
4. Any seizures immediately following the injury
5. Number of previous concussions (if any)

Athletes may not be returned to play or participate in any student athletic league or sport (except on an administrative basis, such as team manager), until and unless the athlete has been evaluated and is authorized to return to play or participate by a qualified health care professional who is trained in the evaluation and management of concussions, including physician or physician's assistant licensed under Chapter 18, Title 54, Idaho Code, an advanced practice nurse licensed under Idaho Code 54-1409, or a licensed health care professional trained in the evaluation and management of concussions who is supervised by a directing physician who is licensed under Chapter 18, Title 54, Idaho Code. Such authorization must be in writing and must be provided to the District prior to the student being returned to play. If the authorization is signed by a licensed health care professional trained in the evaluation and management of concussions, such authorization must also be countersigned by the directing physician.

Policy Title: Crowdfunding	August 21, 2019

The District recognizes that crowdfunding is a useful tool to assist teachers and other employees in the procurement of funding for specific projects and/or programs. Crowdfunding campaigns have been used with great success to provide revenues for such benefits as classroom supplies, educational programs and activities and community advancement. However, the District also recognizes that unregulated use of employee crowdfunding campaigns that are administered on behalf of the District or an individual school or classroom within the District can subject the District and employees to legal liability.

Purpose

The purpose of this policy is to ensure that crowdfunding campaigns administered by employees in their capacity as District employees or on behalf of the District or to supplement any District programs are effectively regulated and are appropriately used to further the District’s objectives and mission.

Definitions

“Crowdfunding campaign” means the practice of raising funds to meet an advertised goal or need by soliciting funds from a large number of people, typically via the Internet.

Prohibition on Unapproved Crowdfunding on Behalf of the District

District employees, including teachers, coaches, staff, and paraprofessionals, may not engage in crowdfunding campaigns in their official capacity as a District employee, on behalf of the District or for the benefit of a District program or activity, without obtaining prior written authorization from the building administrator.

Employees who have not obtained prior written approval pursuant to this policy may not:

1. Solicit funds or items on behalf of the District or an individual school or classroom within the District on a crowdfunding website;
2. Give the appearance of soliciting funds or items on behalf of the District on a crowdfunding website;
3. Use the District's name, logo, mascot, or other identifying information in a crowdfunding post;
4. Link to or reference any of the District's websites or social media sites; or
5. Link to or reference any other sites, platforms, or accounts associated with the District.

Absent prior written approval by the District of a crowdfunding project pursuant to this policy, employees are prohibited from providing any information that would lead a reasonable person to conclude that the funds identified on the crowdfunding website are to be used by the District or for any District purpose or program.

Procedures

Employees wishing to utilize crowdfunding for District purposes or programs are required to obtain written permission to do so by submitting a Fund Raising Projects request form (Form 8230f) to the building administrator. Written permission must be received before launching any crowdfunding web page or effort.

It shall be the responsibility of building administration to approve or deny all crowdfunding requests. Crowdfunding requests that are incomplete, not submitted in writing, and/or do not meet the requirements of this policy shall not be considered for approval. Information required to be included in the crowdfunding request includes:

1. The name, job title, school, and contact information for the person overseeing the campaign;
2. The crowdfunding website to be used;
3. The items requested and/or the amount of funds targeted to be raised;
4. The classroom, program, and/or activity to be benefited;
5. The exact language that will be included in the post and/or advertising for the crowdfunding campaign; and
6. The start and projected end dates of the post and/or advertising.

Policy Title: Crowdfunding	Effective Date: August 21, 2019

Requirements for Crowdfunding Sites

All crowdfunding sites that are approved by the District must meet all of the following requirements:

1. The site must be operated by a legitimate corporation or limited liability company with no significant history of fraud, unlawful activity, financial mismanagement, or other misconduct; and
2. The site must have a policy that requires all funds raised by an individual on behalf of the school to go directly to the school, not the individual who posted or advertised the fundraising request.

Additional Requirements and Regulations

Where a crowdfunding campaign requires the electronic transfer of funds, the building administrator in consultation with the business manager shall ensure that such transfer is made properly and in accordance with acceptable standards of practice. Where such transfer cannot be properly achieved, the campaign should not be approved.

The District reserves the right to refuse funds that have been raised through an approved crowdfunding campaign if it discovers that the project violated this policy or was in violation of the crowdfunding site's requirements, policies, or regulations.

The District reserves the right to terminate any pre-approved crowdfunding campaign for any reason or withhold approval for any crowdfunding campaign project for any reason.

Delegation of Responsibility

The Superintendent or designee shall ensure that procedures and guidelines are in place to monitor all crowdfunding requests. Building administrators will be responsible for forwarding all information to his or her staff. Building administrators are responsible for reviewing all crowdfunding requests and determining the appropriate response. The building administrator or designee shall review any ongoing crowdfunding campaigns to ensure compliance. The District's business manager shall ensure the proper recording and accounting of any funds or items received through a crowdfunding campaign and shall be notified of any unused funds and determine the most appropriate method of expending or returning any unused funds. These duties are intended as a guideline and in no way establish liability on the part of the District if a crowdfunding campaign fails to comply with District policies, state or federal law.

The interscholastic athletic program is an integral part of the total education and growth experience at Snake River High School. It provides an environment where the student may develop and refine athletic skills, test those skills through suitable competition and develop leadership and sportsmanship. Our athletic philosophy is designed to support and affirm the mission and belief statement of Snake River High School.
