

Employee Electronic Mail and Online Services Use Policy Acknowledgment

Snake River School District No. 52 recognizes the importance of providing positive, productive educational experiences through the district’s Internet, computer, and network services. To promote this objective and protect its staff and students, each user must agree to abide by the terms and provisions as set forth in Policy No. 5330, Employee Electronic Mail and Online Services Use Policy Acknowledgment.

By signing this agreement, the user takes full responsibility for usage and agrees to indemnify and hold the school, the school district, or internet service provider (ISP) harmless from any and all loss, costs, claims, or damages resulting from user access to its Internet, computer, and network resources, including but not limited to any fees or charges incurred through purchases of goods or services by the user. Further, the user is responsible for damages to the district’s equipment, systems, and software resulting from deliberate or willful acts.

The district makes no warranties of any kind, either express or implied, in connection with its provision of access to and use of its Internet, computer, and network resources.

I am aware that the district uses monitoring systems to monitor and detect inappropriate use. I agree to cooperate with the school in the event of an investigation into a user’s use or access of the district’s Internet, computer, and network resources.

I understand that failure to comply with the policy or inappropriate use of the district’s Internet, computers, or network resources may result in usage restrictions, loss of access privileges, and/or disciplinary action up to and including termination. The superintendent or designee may also report the violation to law enforcement where appropriate. This agreement is to be signed annually.
