

Snake River School District #52

INSTRUCTION

2325

Driver Training Education

The District may offer a Driver Training Education Program when staffing and funding are available. Any such program will be conducted in compliance with all requirements in the Idaho Standards for Public School Driver Education and Training as approved by the State Board of Education.

Anyone residing in the District between the ages of 14½ through 21 years of age, irrespective of whether they are enrolled in the District, is eligible to enroll in the District’s driver training program. Such program, in the discretion of the Board, may be conducted after school hours, on Saturdays, or during regular school vacation periods. The District may offer a joint driver training program with other districts.

No charge or enrollment fee shall be required of a student not enrolled in the District, unless public school students are required to pay such enrollment fees or charges.

A fee shall be assessed to cover those costs which are not reimbursed by State funds, except that this fee may be waived or reduced for students whose families, by reason of their low income, would have difficulty paying the entire fee.

The purpose of the program is to introduce students to a course of study that leads to the eventual development of skills appropriate for a licensed driver. The traffic education program is designed to meet the criteria established by the State Department of Education.

Out-of-District students may attend Snake River driver education classes if the following criteria are met:

1. Space is available; preference will be given to Snake River students.
2. Applicant meets all eligibility requirements and can obtain an instruction permit.
3. Students have written parental consent.
4. The applicant will pay the current District fee.
5. The applicant has not failed, withdrawn, or been denied enrollment in another District’s program because of discipline problems.
6. The District is made aware beforehand if the student has special needs.
