Nutrition Promotion  The wellness policy includes specific/measurable goals for nutrition promotion using evidence-based strategies.  We promote healthy eating and nutrition education with signage, use of creative menus, posters, bulletin boards, etc.  We have reviewed Smarter Lunchroom techniques and evaluated our ability to implement various techniques.  We place fruits/vegetables where they are easy to access (e.g. near the cafeteria cashier or near the front of the line).  We ensure students have access to hand-washing facilities prior to meals.  We annually evaluate how to market and promote our school meal program(s).  We regularly share school meal nutrition information (e.g. calorie, fat, & sodium content) with students and families.  We offer taste testing or menu planning opportunities to our students.  We participate in Farm to School activities and/or have a school garden.  We advertise and promote nutritious foods and beverages on school grounds (e.g. buildings, playing fields, cafeteria).
We provide teachers with samples of non-food reward options.	X	x	We offer nutrition education to students in: x Elementary School x Middle School x High School  III. Nutrition Promotion  The wellness policy includes specific/measurable goals for nutrition promotion using evidence-based strategies.
